

Tax Relief on Share Purchases

If you haven't already done so, you may be able to claim a 30% rebate on the cost of your Antwerp Arms Association Ltd Community Shares against Income Tax.

You need to write to your own tax office with your personal details, and a copy/scan of your share certificate, stating that:

I purchased x community shares of £50 in the Antwerp Arms Association Ltd for £y and my holding was registered on (date shown under the signature of the Secretary). I wish to claim Social Investment Tax Relief on this money for the tax year z. This purchase has already been reported to the Small Business (SITR) office by the company.

For example, the initial share issue was registered on 29 September 2015, so if you bought then, you may carry the claim back to 2014-15; claim for 2015-16 or carry it forward to 2016-17. You need to have paid tax in the year that you choose. If you have made multiple purchases and have more than one share certificate, then you need to claim separately for each.

Purchases made in the current 2018-19 tax year have not yet been reported to HMRC.

The claim must be made with five years of the registration date.
